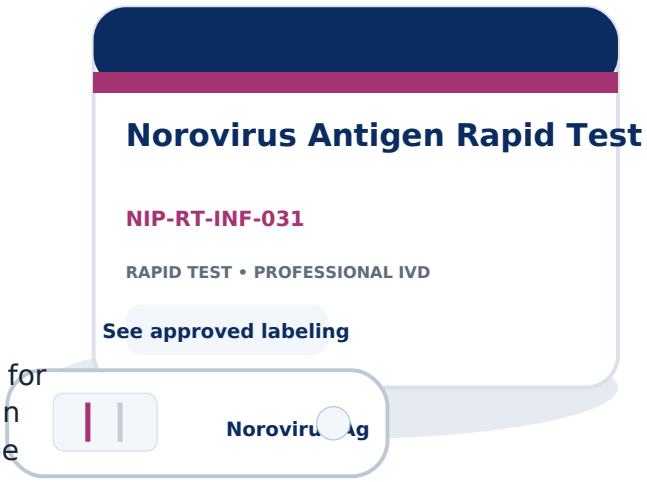
Norovirus Antigen Rapid Test

Rapid Norovirus Antigen Detection

NIP-RT-INF-031

- **Professional rapid diagnostic test datasheet**



PRODUCT OVERVIEW

Rapid qualitative immunochromatographic test for detection of norovirus antigen for professional in vitro diagnostic use. Use only the specimen type stated in the approved market-specific IFU.

Technical Information

Norovirus Antigen Rapid Test

INTENDED USE

Rapid qualitative immunochromatographic test for detection of norovirus antigen for professional in vitro diagnostic use. Use only the specimen type stated in the approved market-specific IFU.

PROFESSIONAL USE

For professional in vitro diagnostic screening. Reactive screening results require follow-up according to the applicable testing algorithm and approved IFU.

Nipigon Catalog No.	**NIP-RT-INF-031**
Specimen	**See approved labeling**
Format	**Cassette**
Time to Result	**See approved labeling**
Storage	**See approved labeling**
Shelf Life	**See approved labeling**
Detection Target	**Norovirus antigen**

PRODUCT NOTE

For professional in vitro diagnostic use. Use the approved market-specific labeling and instructions for use for specimen handling, test procedure, result interpretation and regulatory information.
